

## NOTICE

### Novel Coronavirus COVID-19

**Effective Date: March 13, 2020**

At present, there is a need for responsible global action to reduce the spread of the COVID-19 novel coronavirus.

For our part, the Province of New Brunswick has made the decision to suspend all non-essential international travel by its staff and representatives in order to avoid exposing any individual, community or nation to an undue or additional risk of infection or transmission of this virus.

To anyone intending to embark on an exploratory visit to our province:

Please do not embark on an exploratory visit until further notice. If your travel arrangements are already made and cannot be changed at all, we apologize for any inconveniences that this creates. This measure is being taken in the interest of protecting you and all around you.

We want to encourage you to be aware of the latest [World Health Organization \(WHO\) advisories](#), including those related to [international travel](#).
